AI Readiness Fellow—Tsai Center for Innovative Thinking at Yale (Tsai CITY)

Mentor: Eunjoo Jung, Innovation Fellow, Tsai Center for Innovative Thinking at Yale (Tsai CITY)

Fellow Title: AI Readiness Fellow—Tsai Center for Innovative Thinking at Yale (Tsai CITY)

Organization Name: Tsai Center for Innovative Thinking at Yale (Tsai CITY)

Organization Website: 17 Prospect Street

Organization Description:

Tsai CITY’s mission is to inspire students from diverse backgrounds and disciplines to seek innovative ways to solve real-world problems. We serve students from across Yale’s campus through programs, funding, and mentoring. We employ a co-curricular and process-oriented approach to our programming, which is intentionally broad since there are many possible pathways to engage in innovative thinking. <https://city.yale.edu/>

GPE Fellow Responsibilities:

Support the development and execution of Tsai CITY's inaugural generative AI program. In collaboration with Tsai CITY's innovative fellow, the AI Readiness Fellow will be responsible for providing technical knowledge and expertise to students from diverse backgrounds. The fellow will design and execute an intensive program dedicated to generative AI. This means contributing to the implementation of the curriculum, facilitating sessions, sourcing speakers, and offering technical support and live demonstration during sessions. The AI Readiness Fellow may also draw upon research to educate students on generative AI theory and practice.

Desired GPE Fellow Qualifications:

- Exceptional written and verbal communication skills.
- Excellent project management skills.
- Ability to work both independently and collaboratively, adhere to deadlines, and ask questions.
- Strong interest in entrepreneurship and innovation -- and its intersection with generative AI

- Ability to apply research findings to practice-based programs and educational frameworks to support program creation.
- Research background in AI/Machine Learning (specifically natural language processing) preferred
- Some facilitation experience preferred

GPE Fellow Learning Objectives:

- Collaborate with members of the high-performing innovative team at Tsai CITY.
- Develop a deeper understanding of generative AI and its context within the entrepreneurship and innovation ecosystem.
- Ideate, coordinate, and execute a new program or initiative related to generative AI.
- Strengthen program management and facilitation skills
- Gain knowledge of practice-based solutions in generative AI
