Educational Evaluation Fellow—Poorvu Center for Teaching and Learning, Educational Program Assessment Team

Mentor: Ankita Gumaste, Assistant Director of Educational Program Assessment, Poorvu Center for Teaching and Learning, Educational Program Assessment Team

Fellow Title: Educational Evaluation Fellow—Poorvu Center for Teaching and Learning, Educational Program Assessment Team

Organization Name: Poorvu Center for Teaching and Learning, Educational Program Assessment Team

Organization Website: <https://poorvucenter.yale.edu/Program-Assessment>

Organization Description:

The Poorvu Center for Teaching and Learning’s Educational Program Assessment team is seeking an Education Evaluation Fellow! How can we create educational experiences that help all students thrive? This is a foundational question that the Educational Program Assessment team at the Poorvu Center strives to answer. If you are curious about how educational and psychological theories can be applied to designing assessments, collecting actionable data, and writing meaningful reports, we invite you to join in our work.

GPE Fellow Responsibilities:

This fellow would collaborate with our team to refine measures and assessment plans, analyze student and faculty feedback, and communicate with program leaders about interpreting and using educational data. Duties may involve supporting the analysis of qualitative and quantitative data, reviewing survey instruments, conducting literature or database searches, contributing to ongoing reporting, exploring and documenting best practices in assessing student learning, and generally providing your perspective to these efforts. You would be joining a team composed of psychologists, neuroscientists, and data scientists working in a multi-disciplinary teaching center at the heart of campus.

Ideal candidates would have an interest in how data informs students’ academic experiences and be interested in learning more about the processes and practices of educational assessment. Brief human research training would be required upon beginning the fellowship.

Desired GPE Fellow Qualifications:

The Educational Program Assessment team is looking for a candidate that has a desire for creating equitable education. Familiarity with measurement design and data analysis is preferred. Experience with data and statistics software would be helpful. Additionally, we are seeking a candidate with strong interpersonal communication skills and works well in a collaborative environment.

GPE Fellow Learning Objectives:

This would be a great opportunity for those who want to explore program evaluation, educational research, and data processing and interpretation in a higher education setting. The Education Evaluation Fellow will have the opportunity to sit in on all-staff meetings across the Poorvu Center, comprising of teams from Broadcast and Media, Faculty Teaching Initiatives, Digital Education and Technology and many more! The fellow can expect to learn new collaborative approaches to assessment design, and hands-on skills in data analysis.
