

To apply for a GPE Fellow position: Submit an updated resume and cover letter to gsasprofessionaldevelopment@yale.edu with the subject header “[Name of Fellow position]” by Dec. 3 at 11:59 p.m.

AI Readiness Fellow - Tsai Center for Innovative Thinking at Yale

Mentor: Kassie Tucker, Senior Mng Director, Tsai Center for Innovative Thinking at Yale

Fellow Title: AI Readiness Fellow

Organization Name:

Tsai Center for Innovative Thinking at Yale

Organization Website:

city.yale.edu

Organization Description:

Yale University is partnering with 16 other universities to explore AI readiness and opportunity within higher education. Here's an article on our project <https://library.yale.edu/news/library-joins-academic-partners-two-year-project-assess-yales-ai-readiness>. The Yale team comprises of individuals from Tsai CITY, the Poorvu Center for Teaching and Learning, and the library.

GPE Fellow Responsibilities:

Collaborate with the working group to design and implement qualitative and quantitative research on Yale's campus to explore it's AI readiness. This is the first stage of a two year project and is still developing. We anticipate conducting a series of interviews with both faculty and students, but could also involve other types of research.

Desired GPE Fellow Qualifications:

- Experience in either quantitative or qualitative research.
- High organizational skills.
- Interest or experience in artificial intelligence.

GPE Fellow Learning Objectives:

Exposure to working across three distinct organizations in the university. Learning how higher education institutions are approaching adopting AI in labs, research, and in the classroom. Gain experience in research and project management.
