Name of Company or Internship Opportunity: ___________________________

Dates of Internship: __________ / __________

Is this a paid internship? Yes ☐ No ☐ If yes, how much funding is provided? ______________________

Please list other benefits provided by the internship: ___________________________

Purpose of the Internship: ☐ To acquire data to be used in dissertation research
☐ To learn techniques to be used in dissertation research
☐ To get exposure to a potential field of employment following graduation

Please attach the following documents:
* A statement describing the nature of the internship and work to be done, and how this experience will advance the dissertation research or promote career goals. Include the location where the work will be done and contact information for the period of the internship. Unless this internship is discussed in your DPR, include a research plan for the coming year.
* A statement of support from the advisor, explaining how this experience will benefit the student and advance academic goals.
* If the employer restricts in any way a student's right to use or publish data produced during the internship, attach a copy of the employer's intellectual rights or proprietary data agreement.

The purpose of the internship program is to allow doctoral student to remain registered while employed over the summer outside of Yale, for the purpose of collecting data or learning techniques to be used in dissertation research, or to gain exposure to a potential field of employment.

* Students on paid internships normally forfeit their Yale summer funding.
* Students remain registered. Their academic 'clocks' do not stop. They retain all privileges and responsibilities of a Yale GSAS student.
* Students are limited to two internships. Additional internships will require a Leave of Absence.
* Internships will only be approved between the end of the spring term and the start of the fall term. Internships that overlap with the fall and spring semesters will not be approved.
* Internships designed to expose students to potential fields of employment will not be permitted until after a student has been admitted to candidacy.

I have read and understand the terms and conditions of the Internship policy.
