

To apply for a GPE Fellow position: Submit an updated resume and cover letter to gsasprofessionaldevelopment@yale.edu with the subject header “[Name of Fellow position]” by July 7, 2023.

SEAS Design Fellow at [School of Engineering & Applied Science](#)

Graduate Professional Experience Host Office Description

Administrative home for the School of Engineering & Applied Science

Host Mentor

Sarah Miller

Associate Dean

sarah.m.miller@yale.edu

Graduate Professional Experience Fellow Responsibilities

SEAS has hired Pentagram to create a new branding identity for the school. Come fall 2023, we will have exciting new branding and will launch a campaign to roll this out. This Fellow will be a member of the team that will support implementation of the new SEAS branding identity. They will also have the opportunity to create design that supports and complements this new brand. In addition, they may have a chance to create design in support of other SEAS strategic goals.

Graduate Professional Experience Learning Objectives and Opportunities

- Opportunity to work closely with the SEAS Dean’s Office and to learn about university administration
- Opportunity to contribute to SEAS strategic goals

Desired Qualifications

- Design expertise
- Technical facility with design software

Duration of position

Fall 2023
