

Subject: COVID-19 Test Site Schedules over Recess

Date: Wednesday, December 16, 2020 at 2:21:40 PM Eastern Standard Time

From: Dr. Madeline Wilson

COVID-19 Test Site Schedules over Recess

“

To members of the Yale Community,

~~~~~

*Note: All test sites will be closed on Thursday morning, December 17, due to the snow forecast. Sites will reopen at noon on the same day.*

~~~~~

Testing for COVID-19 will be available throughout the December recess, with some closures as outlined below.

Asymptomatic testing

Members of the Yale community are encouraged to test 72 hours prior to holiday travel. You may continue to self-schedule testing through the [Yale COVID-19 Screening Program](#) at the Lanman Center, 150 York Street or 60 Sachem Street throughout the upcoming break period.

- Test site hours have been extended to 9:00 p.m. on Tuesday, December 22, and Tuesday, December 29.
- All asymptomatic sites will **close at midday on Wednesday, December 23, and will be closed on December 24 and December 25.**
- Expanded post-holiday testing hours will be available on Saturday, December 26.
- All asymptomatic sites will **close at midday on Wednesday, December 30, and will be closed on December 31 and January 1.**
- Expanded post-holiday testing hours will be available on Saturday, January 2.
- To preserve testing access for everyone, if you need to change your appointment, please make sure to CANCEL the original appointment. This can be done easily in MyChart by navigating to the appointment.
- Remember to blow your nose prior to entering the test site.
- **If you have symptoms, please do NOT schedule at one of these sites (see below).**

Symptomatic testing

- Symptomatic testing is available 6 days a week through the Campus COVID Resource Line (CCRL) at 203-432-6604. In most cases same-day testing is possible.
- Testing will not be available on Christmas day or New Year's Day. Yale Health Acute Care (203-432-0123) is available 24-7 if needed.
- Symptomatic testing is available to all Yale students and all Yale employees regardless of insurance and to dependents of Yale Health members. In the event an employee who does not have Yale Health insurance has a positive test, the employee will be directed to follow up with their own primary care provider.
- For other questions about COVID testing, contact the CCRL at 203-432-6604, or go to the [Yale COVID-19 Screening Program](#) webpage.

Wishing you all a safe and restful December holiday and recess period from the Yale Testing Team,

Madeline S. Wilson, MD, FACP
Chief Quality Officer

Chair, Yale COVID Testing and Tracing Committee
