**In this message:** Requirements for campus access this summer

May 24, 2021

Dear graduate students,

Now that the spring semester is concluded, you may be making plans to be on campus during the summer. Please note that your current campus access will end on June 1. There are new procedures in place this year, and you will need to fill out [this form](#) to retain an active ID by June 1. If you do not fill out the form, your ID card swipe access will not work. If you do not plan to come to campus, there is no need to take further action until Fall.

When completing the form, if you live in campus housing (Helen Hadley Hall, Harkness, Baker Hall, 254 Prospect St, 276 Prospect St. and 272 Elm St.), select LM1. If you live off-campus in private housing, you should select LM3, even if you plan to come to campus only for occasional visits. Once you have filled out the learning location form, you will need to:

1. Sign the [Summer Community Compact](#).
2. Take the required [COVID training](#) if you haven't taken it in the spring semester.

3. **If you have not yet been vaccinated**, take one negative [COVID test](#) if you have not done so in the spring semester.

With these simple measures, you will be cleared to access campus as usual. If you have questions, please contact the GSAS Health and Safety leaders at [gsas.safetyteam@yale.edu](mailto:gsas.safetyteam@yale.edu).

I look forward to seeing you over the coming months as we all make the transition back to campus.

Wishing you a happy and healthy summer,  
Lynn Cooley

Dean, Graduate School of Arts and Sciences  
Vice Provost for Postdoctoral Affairs  
C.N.H. Long Professor of Genetics  
Professor of Cell Biology and of Molecular, Cellular & Developmental Biology
